Was there a discussion with OGC about making these publicly available without a CBI notice on the form?

The reason I ask, is because of the FOIA we discussed before. Some of the paper versions that the regions have received are stamped CBI. That had led us down a rabbit hole that we need to offer the opportunity for all of the submitters to make a claim.

I had thought that the CEDRI versions were publically available - since OOOOa isn't listed, this isn't the case. So now I think I need to ask each of these folks if they want to make a claim of CBI. Unless, this has already been addressed in CEDRI somehow...

You are correct. The OOOOa page does not have a disclaimer.

Does the OOOOa page have it? I am guessing not.

Hi Marcia,

We only have a CBI disclaimer on certain report pages (i.e., PCWP ICR upload page), but not all. This is something we have talked about doing, but have not been able to implement.

I hope this helps.

Thanks,

Ketan
